Albert Queto, of Prescott, and Benjamin Orne and James Shirley, of New York, arrived in Bisbee the day before yesterday and left yesterday for the Cananea where they are interested with W. C. A good story is told of one of Bisbee's business men, who has had some trouble in making collections of late and yesterday, driven to desperation from worry and failure in this line of his business, he went into Judge Williams' office and applied for a writ of garnishment, remarking that one of his customers from whom he could not collect, had nothing visible upon which he could levy except a fine set of false teeth, and these he wished to attach. The desired paper, however, was not issued, but a roaring laugh was enjoyed all the same, and the customer still has his teeth.

We hope to be able to throw our hat high in the air and shout for the victorious Bisbee boys, but fear the failure on their part to keep up their practice here at home will be the means of depriving us of that pleasure, still the team has our best wishes for success.

A Night Of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at the Bisbee Drug Store and Copper Queen Co.

John Tracy returned from the Huachuca mountains yesterday where he went to take Sam Spalding and family who are on picnicking. Mr. Gray says the country between the Mule mountains and the Huachuca's is looking splendid, the grass is starting up fine and is thick on the ground. Stock is in fine condition. In the mountains vegetation is rank and the tree foliage beautiful. He reports deer and wild turkey plentiful and all kinds of small game in abundance. There is also some bear, as he was made painfully aware late Thursday night when he was awakened from his slumbers by the tramp, tramp of bruin around the cabin in which he was sleeping, but as he had lost no bear the monarch of the mountains was allowed to proceed on his way rejoicing, without disturbance from Mr. Tracy. A social dance was enjoyed at the school house in Car's canyon Thursday evening by the residents and a number of ladies and gentlemen who are rusticating in that neighborhood. Mr. Tracy says it is simply lovely in the mountains and that there are a number of people from Bisbee and other localities spending the summer vacation there.

Played Out.
